The Burlington Twp. Fire Department is advising you to do the following for your safety:

- (1) Not utilize any appliance attached to the chimney.
- (2) Have a certified/licensed repair person check and repair the chimney prior to use.

I have been advised not to let anyone utilize any appliance attached to the chimney or chimney at the above address until item number two has been completed. I have also been advised of the dangers of allowing anyone to use any appliance or chimney at the above address until item two has been completed. My signature acknowledges that I have been so advised.
